It's a Wrap!

Woven with a series of conductive fibers, Logitech's fabric KeyCase keyboard allows Palm handheld users to unwrap, connect, and begin typing on the spot. Several dedicated keys let users jump to core applications or favorites quickly. When done, just wrap it around the Palm. It doubles as a case.

Logitech KeyCase keyboard, US$99.95; www.logitech.com

For Every Change

Gain insight into what aspects of your organization's culture inhibit or promote development with Time2Change—a customizable, Web-based follow-up survey used to measure the impact of development initiatives such as 360-degree feedback, training programs, assessments, and coaching.

A built-in response report feature organizes feedback.

Time2Change, US$115-165 per participant; www.time2change.com

Quick Fix

Microsoft's Windows XP service pack includes 300 bug fixes, security patches, and several updates.

Of note, SP-1 delivers the ability to render rich-text and HTML email messages as plain text, which provides users with additional protection against email-borne viruses.

Windows XP SP-1, free download or US$10 for CD-ROM; www.microsoft.com
