Online Student Registration, Course Catalogs and Training Calendars using Classroom Manager.NET. Enable web-based student registration and complete course management for all of your classes. Schedule classes, view enroll-

ments, automatically send reminders and cancellation messages from your web browser. No software to install on your computer. Course confirmations include links to add events to Outlook. Calendars and course catalogs all contain links to course descriptions that you can edit from anywhere in the world. From advertising your courses, registering students and consolidating evaluations, **Classroom Manager.NET** will enable you to focus on training, not busywork. Contact us at info@ClassroomManager.NET, or 952-898-4925. *Circle #134*

Trainer Certification: The International Board of Certified Trainers, a worldwide certifying body strives to establish training as a profession meriting the same public con-

fidence and respect as medicine, accounting or law. To achieve this level of public recognition, IBCT certifies that applicants demonstrate and maintain the critical skills and knowledge embodied by all successful trainers. IBCT offers programs leading to Trainer and Project Management certification. To apply visit us at ibct.cc. *Circle #110*
