- 3. After installing the driver, you should be able to connect the Brother printer via USB port. (Let Lisa know if you won't have a USB port to use and we will determine if you have to connect through wireless.)
- 4. The P-touch Editor will be used to open the name tag template and also to import the list of attendees. Open the P-touch Editor software.
- 5. Obtain the name tag template from the Google drive at the following location. <u>https://drive.google.com/a/a2astd.org/file/d/0B28AFIwumcKaMINOeHJ6TElkOUU/view?usp=sh</u> <u>aring</u>
- 6. Save the name tag template to your laptop. For example, the default location on my laptop will be in My Documents\MyLabels.
