LAKE SUPERIOR CHAPTER THESPIANS

Members of the Lake Superior Chapter, ASTD, participated in the annual Conference of the Lake Superior Mines Safety Council. This participation took the form of a skit entitled "How Not to Conduct a Safety Meeting." The presentation combined humorous and serious aspects, culminating in a discussion period. Chapter members taking part included the charter president, the present president, and three past presidents.

Shown in the picture are chapter members Frank Bair, Jim Unger, Jerry Kohrt, Ray Stapleton, Frank Staudahar, Bye Wagner, Keith Paulson, Ted Pennala, Dick Paull and Tom Richard.

The Lake Superior Chapter was pleased to sponsor this presentation before the Lake Superior Mines Safety Council Conference. This conference is annually attended by some 600 members of management of iron mines in the Lake Superior District, and is the largest industrial safety conference outside of the Annual National Safety Conference in Chicago. It was held in Duluth, Minnesota, on May 24 and 25. The roster of speakers included such names as Dr. Carl Winters of General Motors, M. F. Biancardi of Allis Chalmers, Edmond Jonash of the N.A.S.A., Lewis Research Center, and the Hon. Dewey Short, former Assistant Secretary of the Army.

Jim Unger, Charter Lake Superior Chapter President, wrote and directed the skit.
