BYOL - Bring Your Own Laptop: Storyline Basics

Are you in a situation where you know eLearning is coming but you have no idea what to do?

Join us as we explore the most popular eLearning creation tool to help jump start the eLearning phase of your career.

Articulate Storyline: The Basics

- Exploring Storyline
- Creating Projects
- Adding Content
- Adding Buttons
- Making it Interactive with Triggers

This will be a fast-paced session. A strong knowledge of creating PowerPoint presentations will be helpful in understanding concepts.

Once you have mastered the basics, we will be offering an additional session on Tips and Tricks in Storyline later this year - stay tuned for details.

About the Facilitator: Cindy DiLauro, CPLP, PHR

Cindy has been in the training industry for 20+ years. Her goal is to set her learners up for success whether it be in Instructor Led classes or eLearning. She has extensive knowledge in the technical aspect of design so creating in Storyline is a natural fit for her.

Cindy currently works for Signet Jewelers and focused on training Support Centers in Akron and Dallas.
