**KANSAS CITY CHAPTER**
Association for
Talent Development
2014 Annual Report

Dear members,

Our **2014 Annual Report** is ready for you. It contains an infographic of our membership and annual survey results, 2014 Financials, 2014 goals and progress, 2015 goals, and volunteer appreciation.

The 2015 goals came from the board retreat on December 4, 2014 and from the Board Executive Committee. The goals will only be achieved through the development of new committees. You will be hearing more about the opportunities for your involvement at the February chapter meeting and in future communication.

Thank you for your excellent feedback through the annual survey. Many of the new initiatives are based on your feedback. We have increased our lunch meetings, added locations for meetings, are on the verge of beginning the CPLP Prep program, and are tailoring programs around your feedback.

Lets have a productive and collaborative year!

Sally Koppy

President, ATD Kansas City Chapter
