CHAPTER NEWS

ATD Bay Colonies Celebrates 45th Year with Name Change

This year our chapter celebrates its 45th year, and as a part of the celebration, we are reverting to our original name, **ATD Rhode Island Chapter**. Our membership approved the name change in a special vote which was certified by ATD’s board of directors.

Rhode Island is a hub of innovation with a strong talent pipeline and some of the BEST Learning & Development programs in the country. As such, we are aligning our organization’s name and branding with the state that our chapter calls home as we endeavor to attract more members, business partners, and sponsors, foster stronger connections in our local communities, and provide even more valuable resources to support your personal and career development. Of course, we will continue to welcome professionals from Southeastern Massachusetts and Eastern Connecticut. Additional information about this change will be communicated in the coming months.
