**ATD NORTH DAKOTA CHAPTER**
Association for Talent Development

## November Chapter of the Month: North Dakota

Each month through the Chapter of the Month (COM) program, we highlight a chapter that deserves special recognition. The North Dakota Chapter needed actionable and measurable goals for its high-level ideas to continue growing. The board completed a S.W.O.T. (Strengths, Weaknesses, Opportunities, Threats) analysis of the six areas of CARE for each board position to identify areas of weaknesses and opportunities. The chapter then used their findings to create work groups to determine an actionable and measurable strategy that aligns with CARE.

## Sharing Our Success (SOS)

The SOS program helps chapters improve through sharing and finding easy-to-use ideas, resources, and practices. Submit an SOS today!
