Open a Lindow

It's not for everyone, but if you're in the market for a sub-3-pound laptop and your budget is tight, Lindow's Mobile PC just might be the answer.

This Linux-based laptop features a 933 MHz VIA processor, 256 MB of RAM, as well as USB 2.0, FireWire, and Ethernet connectivity. A 12.1-inch TFT display rounds out the list of features.

In Your Ear

Toss those cheap earphones you've been using with your portable CD player or laptop and treat yourself to Etymotic's ER-6 Isolator earphones. With 15-20 dB of external noise isolation, the ER-6 is perfect for the plane or your daily commute.

Class Act

Conduct online meetings, sales presentations, and corporate training sessions using Elluminate's vClass collaboration environment. Through its well-designed graphical interface, users can talk over the Internet via two-way voice-over IP, share whiteboards and applications, and engage in online chat.

VClass works over low bandwidth and is compatible with both MacOS and Windows.

Elluminate vClass, pricing starts at US\$4500 per quarter for 25 concurrent users; www.elluminate.com.

Scantastic!

With 3200-dpi resolution, the Epson Perfection is a perfect fit for users who need excellent performance and ease of operation. Connection is handled by USB 2.0 or FireWire interfaces. The inclusion of Adobe Photoshop Elements 2.0 and LaserSoft's SilverFast SE 6 provide the capability for expert image adjustments.
