Talent Development Has Never Been More Essential

This year has been full of change and challenge, and we can expect that to continue. To adapt, workplaces are asking: What is the right hybrid balance? Organizations run the gamut from full-time remote to full-time in office, with many settling on an evolving hybrid schedule.

What hasn't changed is the consistent need for effective upskilling and cross skill. Talent development is key to employee growth and retention, which cascades up to company productivity, innovation, and competitiveness. Leaders need to commit to allocating resources for the strategic development of their people to attract and retain the best talent.

Continuous improvement and evolution of digital learning experiences is critical, along with ensuring we’re designing and delivering the most innovative in-person learning. Creating compelling business cases to engage in person because of the rich human experience of connecting in a classroom will be a differentiator. We offer in-person programs across the country, around the world, and at the new state-of-the-art ATD Learning Center at our headquarters.

Now, more than ever, it’s essential that talent development practitioners invest in their own growth. At ATD, we never stop researching future practices for talent professionals. It is our mission to develop those who develop others in the workplace and to increase the strategic impact that talent development provides to organizations—and to society.

Our latest catalog includes our entire course portfolio as well as insights into ATD’s learning philosophy and our framework for developing your capability in our field. From training and facilitation to instructional design, from coaching to project management, you’ll find certificate programs that meet you where you are and help you reach the next level of proficiency.

ATD is excited to partner with you on your road to growth and success. We look forward to seeing you at one of our upcoming programs.

Courtney Vital, CPTD
ATD Vice President, Learning
Head of ATD Education

Take the next step in your lifelong learning journey. Find a course to enhance your professional learning and develop new capabilities.

The ATD Education Brand Promise

No matter what type of course (certificate course, master program, or on-demand course) or modality (in person, live online, or on demand) you choose, every ATD learning experience brings you:

• Research-based content that builds your knowledge and skills—and propels your career
• The wisdom and guidance of an expert, industry-leading facilitator
• Learning with and from your talent development peers
• A practical, tools-based approach designed to support application on the job
• Development of mastery through personalized learning

As the world’s preeminent experts in professional learning, we know how people learn best and how to design training that works. Get the skills you need, when you need them, without compromising learning outcomes. Together, let’s elevate our profession.

ATD: Your Professional Development Resource

For 80 years, our mission has been to empower talent development professionals with the knowledge and skills they need to be successful.

Backed by research and vetted by experts, the Talent Development Capability Model defines what TD professionals need for success today and tomorrow.

Whether you’re new to the profession, midway through your TD career, or navigating the demands of senior leadership, ATD has the resources you need to upskill yourself or your team.

Look for this icon on our course pages within this catalog to see which talent development capability areas each course aligns to.

Targeted. Personalized. Future-Focused. The interactive Capability Model self-assessment lets you identify your current skills and create a learning plan to increase your impact as a talent professional.

Measure your skills and knowledge in the three capability areas and create your learning plan!

Trainer/Facilitator? Instructional Designer? TD Manager?
Choose from 10 role-based learning paths or create your own! Get started today at td.org/model.
Choose the Right Certification

The **Associate Professional in Talent Development (APTD®)** is a certification for TD professionals who are early in their careers or whose professional roles and aspirations focus on foundational areas of the field.

**WHO IS IT FOR?**
APTD is best suited for early career TD professionals:

- Who want to formalize and recognize their role with a certification
- With at least three years of experience

Many of our APTD candidates are “accidental trainers” without formal education in training and development.

The **Certified Professional in Talent Development (CPTD®)** is a certification for more experienced TD professionals. It is broad and measures a professional’s knowledge and skill application across the breadth of talent development capabilities.

**WHO IS IT FOR?**
CPTD is best suited for seasoned TD professionals:

- Who have deep knowledge and experience enhancing employee talent development
- Who are looking to demonstrate expertise and commitment to the profession
- With at least five years of experience in workplace learning and talent development

**APTD Certification Preparation Course**

The complete APTD exam prep program that you can personalize and adapt to meet your study needs.

This comprehensive learning experience gives you everything you need to get ready for the APTD—the certification for talent development professionals in the early parts of their careers or whose roles and aspirations are focused on foundational areas in the field. A flexible and self-paced approach gives you access to the content and resources immediately upon enrolling and for 12 months after to ensure you can prepare right up to your exam date. The course uses an adaptive, assessment-based approach to allow you to customize your learning and dive into the content you need most to learn. With a robust set of microlearning resources tailored for busy professionals and with an expert facilitator and community of candidates, you will be guided through an end-to-end study path. Leave the course feeling confident to take the exam.

Course features include:

- Content review
- Expert-led discussions and feedback
- Exam preparation strategies
- Adaptive self-assessments
- Interactive scenario-based activities
- Learning resources
- Complete practice test
- Live online sessions
- TDBoK™ access

**CREDITS**

- 2.8 CEUs awarded
- 20.0 Professional Development Hours toward initial certification eligibility for the APTD credential from the ATD Certification Institute. Course must be completed before it can be reported.

ATD Master Instructional Designer® Program

Prove your ability. Elevate your design. Develop impactful learning solutions.

The role of an instructional designer is evolving, expanding, and more in demand than ever. Once seen as a planner of learning events for typical classroom programs with a short set of defined tasks (such as analyzing needs, writing learning objectives, and evaluating learning programs), instructional designers need an expanded skill set. These new essential skills include business acumen, consultative approaches, design approaches based on learning sciences, and technology expertise. Designers must pivot between designing for multiple modalities such as face-to-face, e-learning, and virtual as well as implement learning solutions via multiple media streams such as e-learning modules, learning management systems, podcasts, mobile apps, videos, infographics, and animated shorts. Armed with a broader skill set, instructional designers have the flexibility to be the jack-of-all-trades and a much-requested strategic resource for organizations.

Aligned to the Talent Development Capability Model™, this advanced-level program covers the entire process for designing learning solutions to ensure that you are a valued partner to stakeholders and align learning solutions to meet business objectives.

WHY YOU SHOULD ATTEND

• Develop and demonstrate mastery of instructional design through a multipart, real-world project, including individualized feedback and analysis.
• Gain six months of free access to ATD’s comprehensive Talent Development Body of Knowledge™, and receive tools, resources, and templates to use on the job.
• Receive personalized feedback from your facilitator and peers.
• Accelerate your pathway toward achieving the APTD® or CPTD® certification.

To support ongoing professional development, ATD master program registration includes a complimentary course elective. Take the APTD or CPTD preparation program or ATD certificate program of your choice following successful completion of your ATD master program. Exclusions apply.

Formal and Informal Approaches

Week 6 (Self-Paced):
Technology Alignment

Week 7 (Self-Paced and Live Online):
Quality Assurance

Week 8 (Self-Paced):
Impact Measurement and Future Readiness
ATD Master Performance Consultant™ Program

Analyze performance gaps. Deliver impactful solutions.
Foster exemplary performance.

Talent development professionals are often asked to design and deliver training to address performance issues in the workplace. But what if training isn’t the answer? A performance consultant thinks of training as one of many options to solve performance problems. A performance consultant uses a systematic approach to find the root causes of performance gaps, then recommends and implements solutions to address those gaps. This advanced course gives you everything you need to master a performance consulting approach in your work and make a bigger impact in your organization.

Whether you hold the formal title of performance consultant or not, the skills you learn and hone in this course will elevate your ability by giving you a systematic and reliable approach you can use on the job to address performance issues. You will have the opportunity to assess your capabilities against key performance consulting competency areas and roles to determine your strengths and development opportunities.

ATD has been a leader in human performance improvement (HPI) for more than 20 years, and ATD’s Performance Consulting Model and the ATD Performance Consulting Framework are the foundation of this course.

WHY YOU SHOULD ATTEND
- Make a bigger impact in your role and elevate your status as a TD professional by learning the techniques and tools of a master performance consultant.
- Access ATD’s Performance Consulting Model and Performance Consulting Framework, a step-by-step guide that takes you through the performance consulting process from beginning to end.
- Accelerate your pathway toward achieving the Associate Professional in Talent Development (APTD®) or Certified Professional in Talent Development (CPTD®) certification.

To support ongoing professional development, ATD master program registration includes a complimentary course elective. Take the APTD or CPTD preparation program or ATD certificate program of your choice following successful completion of your ATD master program. Exclusions apply.

ATD Master Trainer® Program

Focused on practice and grounded in theory, prove your ability to deliver the most engaging and effective training solutions—in both the classroom and virtual environments.

The role of the trainer has evolved to include building consultative partnerships, demonstrating facilitation skills dependent on learner dynamics, and reporting on business metrics to validate the effectiveness of the learning solution. Aligned to the Talent Development Capability Model™, this renowned program covers the entire process of training delivery including purpose and assessment, decision making, planning and preparation, presentation and facilitation, performance and evaluation, and business metrics and reporting.

Engage with your cohort and facilitator to lift the conversation about training delivery to the master level, showcasing your ability to adapt to learner needs and be successful delivering in any modality (classroom, virtual, asynchronous, or a blend). Identify where you excel and where you have opportunities for growth. Benefit from a structured and collaborative learning experience and the opportunity to assess your knowledge and skills through discussion, practice, and skills demonstrations.

WHY YOU SHOULD ATTEND

- Develop and demonstrate mastery of training and facilitation through multiple practice deliveries, including individualized feedback and analysis.
- Gain six months of free access to ATD’s comprehensive Talent Development Body of Knowledge™, and receive tools, resources, and templates to use on the job.
- Receive personalized feedback from your facilitator and peers.
- Accelerate your pathway toward achieving the APTD® or CPTD® certification.

To support ongoing professional development, ATD master program registration includes a complimentary course elective. Take the APTD or CPTD preparation program or ATD certificate program of your choice following successful completion of your ATD master program. Exclusions apply.

Offered in partnership with the industry-leading evaluation experts at ROI Institute and aligned to the ROI Institute’s ROI Methodology.

ROI INSTITUTE

New! Attend the ATD Evaluating Learning Impact or Measuring Return on Investment Certificate program (or both!) and receive a discount and accelerated pathway toward the ROI Institute’s Certified Return on Investment Professional® (CRP) certification. Learn more.

Adobe Captivate Certificate
Reimagine the way you create interactive e-learning.

Discover all you need to know to create visually rich, artistic, and highly interactive e-learning programs. Earning the Adobe Captivate Certificate enables you to create effective e-learning content, including text captions, images, screen characters, quizzes, buttons, and hotspots. Adobe Captivate training doesn’t require program experience to attend. You’ll quickly discover its power and accessibility as you apply production best practices and techniques that significantly reduce your content development time.

WHY YOU SHOULD ATTEND
• Receive expert guidance on building software simulations, demonstrations, and soft-skills e-learning projects to make your e-learning modules as interactive and engaging as possible.
• Learn to interact effectively with other software programs, including Microsoft Word and PowerPoint, to optimize your design.
• Receive a step-by-step workbook, created exclusively for ATD and available only to course attendees.

Adult Learning Certificate

The foundational course for those who teach and develop lifelong learners. Practices for successful adult learning differ greatly from those used for teaching children. By understanding the science behind how adults learn, as professional educators we can optimize our learning and development initiatives to better meet outcomes and drive behavior change. To put it simply, this course will change the way you work and increase your impact. This comprehensive certificate program introduces key adult learning and cognitive science theories and demonstrates how instructional designers, facilitators, subject matter experts who train, and other practitioners can put them into practice to maximize learning impact. With this critical knowledge at your fingertips, you’ll be able to use adult learning principles to inform all aspects of your education and training initiatives, from needs assessments to developing learning content to engaging and motivating participants in and outside of the classroom. You will explore how the adult brain works, including information processing, cognitive load, and communication theories and how these can be deployed in a learning setting.

WHY YOU SHOULD ATTEND

• Gain a comprehensive understanding of applying adult learning and cognitive science theory to help you improve your talent development efforts.

• See adult learning principles in action through ATD expert facilitation and course design and activities.

• Apply your learning through case studies, reflections, peer collaboration, and a personalized project.

Articulate Storyline Certificate

Create interactive, engaging e-learning simply and swiftly. Discover how to use Articulate Storyline to create innovative, interactive e-learning programs. Whether you are brand new to the program or have experience, this hands-on Storyline 360 training prepares you to hit the ground running. While some software programs can be intimidating, this Storyline training certificate program will build your confidence from the start. Experience how easy, fun, and rewarding Storyline is to use.

WHY YOU SHOULD ATTEND

• Learn how to integrate content simply and swiftly from other sources to customize e-learning modules and ensure interactive, engaging, and effective outcomes.

• Develop and leave with a complete 15-minute course that uses Storyline’s major features.

• Get the latest steps, tips, and tricks for using the tool.

Blended Learning Certificate

Go beyond traditional classroom learning.

Learn to incorporate a mix of delivery methodologies to reach your learners at their moment of need. This blended learning training program models the concepts taught in the workshop. You’ll begin with a pre-work assignment that you’ll continue working on throughout the course. Later, you’ll reconvene with your cohort in an online session following the classroom-based workshop. By adapting your own training program to a blended format as the course unfolds, you’ll enhance your ability to apply blended learning models on the job.

WHY YOU SHOULD ATTEND

• Learn best practices for selecting and using the appropriate mix of innovative learning technologies to design effective blended solutions.
• Design a complete blended learning program using an ATD-exclusive process and templates.
• Anticipate and navigate the challenges associated with blended learning.

Change Management Certificate

Become a change leader, facilitator, and communicator.

Change is a key part of talent development (TD). Every learning initiative requires some level of organizational change regardless of whether it is a formal change project. But change isn’t easy, and most change initiatives fail. The question is why? To understand change, you need to understand the people and organization that are impacted. As TD professionals, we are accountable for training and nurturing our colleagues so that they can be their best selves at work. This is never more critical than during change.

The ATD Change Management Certificate explores the process of facilitating organizational change and introduces the ATD CHANGE model, a strategic and tactical tool to guide you through the process of leading and influencing change. The program starts with a deep dive into the science of change to understand why change can be hard on both people and organizations. We then move on to the principles and stages of the ATD CHANGE model, grounded in theory and best practices but designed specifically to meet the needs of the TD field. Using a case study and working with an expert facilitator and your peers, you’ll have the chance to apply each stage of the model to a real-world, TD scenario. Armed with a step-by-step approach and plenty of supporting tools and resources, you will leave the program ready to become a change leader who is prepared to navigate the personal and organizational dynamics of change in today’s work environment.

WHY YOU SHOULD ATTEND

• Become a trusted resource ready to facilitate all stages of a change initiative in your organization.
• Drive meaningful organizational change using the latest change management and project management resources and tools to increase speed, efficiency, and overall success.
• Plan and prepare change projects by assessing change needs and organizational readiness, building a change team, and forming a change plan.

Coaching Certificate

Help others develop, take action, and reach their goals.

Evidence shows that coaching for individuals, teams, and organizations is a powerful development tool that leads to positive change and results. Earning the ATD Coaching Certificate improves your ability to help the people you coach develop rapidly, produce better results, improve their ability to achieve goals, and take action.

During this program, you will come to better understand yourself in the role of coach, uncovering your biases, strengths, and areas of development, so that you may refine your coaching approach for increased impact. The focus of this course is on practice, allowing you to quickly incorporate theories, models, and processes into your coaching conversations while receiving real-time feedback from your peers and an expert facilitator. You will leave this program better equipped to help individuals succeed by leveraging their natural strengths.

WHY YOU SHOULD ATTEND
• Practice core coaching competencies, skills, and strategies and hone your ability to apply them to coaching conversations.
• Refine your coaching approach by recognizing and evaluating factors that impact client engagements.
• Use the ATD Coaching Model to develop and maintain effective coaching plans with those whom you coach.

Consulting Skills Certificate

Build your credibility as a trusted consultant.

ATD’s Consulting Skills Certificate provides you with a five-phase consulting model—rooted in a performance-based approach that prioritizes results over activities—that you can use to diagnose needs, establish goals, and achieve desired performance outcomes for your learning projects. The five phases of the process lay out a practical, step-by-step method for addressing a consulting project, beginning from initial contact through the final step of process improvement.

Together with an expert facilitator and a class of your peers, you will explore how to be successful as a consultant. Collaborating in small groups, you will follow a case study from start to finish, apply skills from each phase of the consulting model to practice consulting scenarios, solve problems, role-play meetings, try out checklists, and practice making decisions consultants make every day. You will leave the program prepared to establish strong client partnerships, overcome obstacles and resistance, and build your consulting credibility to influence decision making.

WHY YOU SHOULD ATTEND
• Move from order taker to true business partner by applying an ATD-exclusive model, techniques, and tools to successfully consult with organizations to implement talent development projects.
• Maximize success strategies with internal and external clients, including working across organizational boundaries, providing feedback to senior leaders, and gaining buy-in.
• Evaluate your baseline consulting skills, and identify your developmental needs as a consultant.

Creating Leadership Development Programs Certificate

Develop your future superstars.

Design and implement transformational leadership development programs that nurture high performers and prepare them to take on new roles within your organization. Take your leadership initiatives beyond individual training events and build the foundation for a holistic leadership development process that begins by laying the groundwork and partnering with senior executives.

The ATD LEADS model, an exclusive model based on industry-leading research and best practices, serves as the foundation for the course. Using the model as a guide, we will explore all the components necessary to build a successful program, from establishing organizational readiness and analyzing various assessment models to evaluating leadership competencies and behaviors and their relationship to your organization’s workforce needs. Six case studies allow you to learn from other organizations that have implemented leadership development programs. This course addresses identifying candidates and designing development opportunities, including creating learning events. You will also learn how to sustain programs by demonstrating their impact on the bottom line.

WHY YOU SHOULD ATTEND

- Discover the components of planning, designing, and sustaining best-in-class leadership development programs.
- Directly align leadership development programs to your organization’s culture, goals, vision, and mission.
- Review the latest research and trends on leadership development and compare best practices against your organization’s current approach.

DEI in Talent Development Certificate

Foster and develop a diverse, equitable, and inclusive workforce.

Fostering a diverse, equitable, and inclusive workforce and workplace involves awareness of and appreciation for different perspectives, backgrounds, customs, abilities, and behavior norms. Talent development professionals are in a unique position to ensure that every employee in their organization is respected and engaged and that their organization realizes the significant benefits of an inclusive approach.

Throughout this course, you will explore key themes and concepts encompassing many facets of diversity, equity, and inclusion (DEI) and discover the tools necessary to support DEI through your role as a talent development practitioner. In alignment with the Talent Development Capability Model®, you will examine your organizational impact from three unique perspectives—personal, professional, and organizational—and identify strategies to expand your mindset, practices, and influence.

WHY YOU SHOULD ATTEND

- Feel empowered to develop and lead others in a diverse, inclusive, and equitable manner.
- Gain the knowledge, resources, and tools you or your team needs to integrate DEI into your talent development efforts.
- Optimize your talent, drive meaningful change, and strengthen your workforce and your workplace.

“The curriculum is phenomenal, but the “truly transformational” comes from our facilitator. She cracked open my thinking around DEI in personal, professional, and organizational measurable change. I’m ready to be a change agent and grateful for this invaluable training.”

—BECKY NUSBAUM, DEI IN TALENT DEVELOPMENT CERTIFICATE
E-Learning Instructional Design Certificate

Great e-learning starts with great instructional design.

Self-paced e-learning can be deployed in a variety of ways—from full courses to performance support opportunities to blended learning experiences. Regardless of how you use e-learning, intentional and thoughtful instructional design is an essential element. Well-designed e-learning courses and modules engage learners and enable them to acquire and apply new knowledge and skills.

This course covers the entire instructional design process from start to finish and shows you how to apply that process to e-learning projects. Under the guidance of an experienced facilitator, you’ll have the chance to focus on and practice critical e-learning course creation tasks.

WHY YOU SHOULD ATTEND

• Explore ways to present, sequence, and structure e-learning content that is learner-centric, engaging, and impactful.
• Use design thinking and rapid prototyping to minimize rework and accelerate your e-learning project.
• Gain access to a collection of more than 20 templates and tools you can use immediately on the job.

Evaluating Learning Impact Certificate

Demonstrate the results of your talent development investments.

Measure the success of any talent development program using a proven evaluation methodology that includes a five-level evaluation framework. This comprehensive and scalable methodology will provide you with a simple, practical process, guiding principles for standardization, and a sustainable implementation strategy.

Learn the basics of evaluation design, including how to select appropriate strategies and measurement tools, how to collect and analyze data to show the value of investments, and how to establish and communicate evidence to demonstrate the effectiveness of your learning, development, or human resource initiatives. This evidence may include measures of how participants reacted to, learned from, and applied what they learned and how such evidence impacts targeted organization business goals.

WHY YOU SHOULD ATTEND

• Develop a solid foundation to measure the success of any talent development program or solution.
• Help your organization shift from activity-based to results-based talent development programs.
• Build a credible business case to stakeholders and leaders for learning investment, and, ideally, increased evaluation in your organization.

Human Performance Improvement Certificate

Enhance performance with a systematic and results-based approach, driven by business needs.

Human performance improvement (HPI) is at the heart of talent development. As a results-based systematic process, HPI is used to identify, analyze, and address performance problems in the workplace and gives the TD professional a proven methodology to tackle performance gaps. This course provides you with an understanding of HPI and the powerful role it plays in the development of our workforces. With this foundation in HPI, you can begin to take your TD work beyond learning and development projects to operate as a strategic partner with your organization to identify solutions that improve business outcomes (like reducing costs, saving time, and increasing customer satisfaction). Knowledge and skills gaps account for only a small portion of performance-related issues in the workplace. This program will help you identify other potential performance enablers, such as motivation, managerial support, technology, resources, organizational structure, and processes. Leaving these factors out of your solutions could mean you are minimizing your potential impact by creating programs that don’t truly address the root of the problem.

WHY YOU SHOULD ATTEND

• Take the first step to becoming a performance consultant by building a foundation in HPI principles.
• Discover a step-by-step, systematic process to determine performance gaps, and create solutions to address those gaps.
• Learn to better analyze organizational needs so that you can propose solutions that go beyond training as a one-size-fits-all approach.

Instructional Design Certificate

Leverage exclusive ATD templates and tools to develop the most powerful, bottom-line focused learning.

As an instructional designer, you have the power to impact organizational results by designing learning experiences that give participants the knowledge and skills needed to perform their jobs well. To be an effective instructional designer, you need a structured, step-by-step design process that you can rely on to create outcome-based training.

In the Instructional Design Certificate course, you’ll gain access to all the approaches, design models, and tools you need to create impactful learning events. The program consists of 10 modules that address all aspects of the instructional design process in detail: assessing organizational needs, designing the learning experience, developing materials, and evaluating effectiveness—giving you a complete playbook for how to create training programs. As you go through the course, you’ll practice each step of the design process—getting guidance and feedback along the way.

WHY YOU SHOULD ATTEND

• Explore the breadth of the instructional design process from start to finish.
• Address common challenges such as engagement, motivation, and retention through good design.
• Gain access to a collection of more than 20 templates and tools you can use in your practice.

Integrated Talent Management Certificate

Match your talent strategy to your organizational objectives.

Managing talent with a coherent strategy is an important responsibility for the talent development professional. In this hands-on talent management program, you will uncover the practices essential to achieving an integrated talent management approach—no matter your organization’s size.

Learn practical methods for taking an integrated approach to developing a talent management strategy. Key areas of consideration include the employee life-cycle phases of workforce planning, talent acquisition, engagement and retention, succession planning, rewards and compensation, learning and development, and performance management.

Discover the blueprint you’ll need to align your human capital processes with organizational strategy to ensure you have the right talent with the right skills ready to achieve your business goals.

WHY YOU SHOULD ATTEND

• Build a road map for an integrated talent strategy that will prepare your organization for success today and in the future.
• Learn from the approaches of best-in-class organizations, your expert facilitator, and your colleagues in the course.
• Be empowered with the tools you need to facilitate the strategic development of talent to support organizational needs.

Knowledge Management Certificate

Leverage organizational know-how for maximum impact.

Effective knowledge sharing throughout an organization enhances employee performance and promotes innovation. This knowledge management course is designed for learning professionals who have a major role in enabling access to critical knowledge and expertise in real time—wherever and whenever work gets done.

Knowledge management training introduces approaches that both include and transcend formal learning solutions. Emerging practices extend beyond curating repositories of content. They’ve grown to include fostering collaboration and access to experts. Learn more about facilitating the exchange of your organization’s most important commodity—the knowledge of the people who make the difference between organizational success and failure.

WHY YOU SHOULD ATTEND

• Learn to identify knowledge management opportunities and align them with your organization’s business strategies.
• Build a more robust training and development toolkit to help you generate effective learning and performance solutions.
• Discover tips to select the right people and tools for implementing knowledge management in your organization.

Learning Technologies Certificate
Maximize your talent development initiatives with the right technology and tools.

From learning management systems to virtual classroom platforms to e-learning tools, learning technologies big and small are essential for modern training initiatives. A learning technology ecosystem includes these platforms, tools, and more. We define the ecosystem as the various learning technologies and infrastructure used to execute an organization’s talent and development strategy.

This course will give you the knowledge and tools to source and evaluate learning technologies as well as the knowledge and skills you need to conceptualize a holistic learning technology ecosystem. We’ll explore e-learning and learning delivery software, data standards, user experience design, extended reality, artificial intelligence, and accessibility considerations. This program will provide you with access to ATD-exclusive templates and tools you can apply immediately to develop your own learning technology ecosystem architecture.

WHY YOU SHOULD ATTEND
• Discover common practices and approaches for identifying, selecting, implementing, and maintaining learning technologies that will enhance your learning and talent strategies.
• Get techniques for assessing, defining, and articulating technology requirements.
• Learn how to configure and support a learning technology ecosystem that meets your organization’s needs along with its talent development goals.

Managing Learning Programs Certificate
Boost your acumen as a manager of the learning function.

This three-day learning management program provides critical tools for developing the learning function (its people and programs). Discover how to have a meaningful impact on the overall strategy of your organization. Access self-assessments, small group case study discussions, best-practice reviews, and feedback on specific challenges. You’ll also have access to rich content on the core disciplines of managing the talent development function.

This comprehensive certificate course will prepare you to provide leadership in developing your organization’s people to execute organizational strategy. It is aligned with the managing learning programs area of expertise in the Talent Development Capability Model™, which serves as the foundation for the ATD Certification Institute’s APTD® and CPTD® certifications.

WHY YOU SHOULD ATTEND
• Get empowered to partner with business leaders and advocate for learning as a catalyst for performance improvement.
• Develop a long-range road map for learning initiatives to implement the vision, understand what drives business, and show how talent development can best add value.
• Run talent development like a business. Convert strategies into real-world action plans, develop budgets, and understand staffing and resource deployment.

Measuring Return on Investment Certificate

Connect your learning investment to the business bottom line.

Show the value of talent development initiatives using the measures that matter to your leaders and executives. To remain relevant, you must know how to answer two questions before they are asked. First, how do you know the impact you are claiming is due to your initiative and not something else? Second, how do you know the initiative was a good investment of resources? This course will show you how to answer both questions using the language and measures leaders expect and respect. Beyond addressing just training programs, you’ll learn to answer these questions for talent development, organization development, human resources, technology, change, or quality solutions.

During this certificate program, you will learn to demonstrate and communicate with credibility the impact and ROI of your initiatives using the globally recognized ROI Methodology, developed by the ROI Institute, Inc. The ROI Methodology offers a comprehensive, systematic approach to demonstrating value for money invested in all programs, projects, and initiatives. Learn and practice techniques to isolate the direct effects of your programs to improve business measures, convert impact measures to money, identify important intangibles, and calculate ROI. Uncover how to use this data to communicate the need for and make better decisions about money, identify important intangibles, and calculate ROI. Uncover how to incorporate into your own programs. Additionally, you’ll learn what to do once you have implemented microlearning—including how to measure for effectiveness and keep your program content current.

WHY YOU SHOULD ATTEND

- Be able to apply the ROI Methodology end-to-end back on the job to measure the impact of your talent and organization development solutions.
- Link your talent development program objectives to business results to gain visibility, credibility, and future investment from senior leadership.
- Work through a complete evaluation plan in the course for one of your own programs, with guidance from expert facilitators who are true evaluation practitioners.

Microlearning Certificate

Use bite-sized learning for employee development.

In today’s VUCA (volatile, uncertain, complex, and ambiguous) world, your workforce needs to develop new knowledge and skills at a rapid pace. In this highly practical course, you’ll get access to ATD’s MILE model for microlearning and leave ready to design and develop a practical and effective microlearning program.

The MILE model gives you a road map to create a program structure, gather resources using the three Cs (curate, create, and crowdsource), and implement, promote, and evaluate your programs. You’ll review case studies with an eye toward identifying design ideas that you can incorporate into your own programs. Additionally, you’ll learn what to do once you have implemented microlearning—including how to measure for effectiveness and keep your program content current.

WHY YOU SHOULD ATTEND

- Quickly and efficiently create learning content that expedites a learner’s mastery of specific skills and enables you to meet both stakeholder and client needs.
- Use the MILE model to develop bite-sized learning programs that your employees will not only want to use, but also share with others.
- Determine the best way to assess learning and measure the organizational impact of your program so you can continuously improve.

### Needs Assessment Certificate

Identify individual and organizational performance needs before developing effective solutions.

Racing to create course materials and roll out initiatives without upfront analysis of what drives the need or knowing how to ensure results is shortsighted. In this highly practical course, you will learn a systematic approach for conducting your own training needs assessment of individual and organizational performance that prompts requests for learning and development solutions.

Learn to use an ATD-exclusive needs assessment process to identify individual or organizational needs prior to developing learning strategies. As a result, the effectiveness of the programs you develop will increase.

**WHY YOU SHOULD ATTEND**

- Learn to stop operating in order-taker mode and relying solely on your stakeholder’s learning solution inputs.
- Align learning solutions with business outcomes to maximize impact, increase your professional competence, and ensure you are a valued partner to your organization.
- Gain access to data collection tools and methods you can use immediately on the job to assess business and performance needs.

### New Employee Onboarding Certificate

Develop for high performance from the start with successful new employee onboarding.

In this program, you’ll learn everything you need to create effective onboarding programs that build engagement with your new hires even before their first day. Using ATD’s 5R model of employee onboarding, you’ll learn to successfully navigate the review, recruitment, role clarity, relationship building, and results phases of onboarding.

**WHY YOU SHOULD ATTEND**

- Learn how to develop an onboarding program, from business case to implementation, at your organization.
- Refresh the content of an existing onboarding program.
- Improve employee engagement by providing tools for successful new hire integration.

---

“Personally, I came here with a set of goals. But I’m leaving with a mission...a purpose. I am deeply appreciative to have had the opportunity to participate in this program.”

—GEORGIA INNISS, NEEDS ASSESSMENT CERTIFICATE
Project Management Certificate

Run your learning projects efficiently and with greater impact.

If you work in talent development, you are more than likely running projects all day every day. These projects may include creating or updating training programs, partnering with your IT department to implement a new technology platform or tool, such as a virtual learning platform or a learning management system (LMS), or overseeing an organization-wide learning initiative, such as a leadership development program. As talent development continues to grow and change to meet learner needs, having a systematic project management approach enables you to successfully oversee projects with increasing complexity and greater impact.

Regardless of the type, every learning project needs a strong project manager who is skilled in developing and managing timelines and budgets, setting priorities, minimizing risks, and gathering stakeholder input. The benefit of this certificate program is that it introduces you to core project management skills and shows you how to apply those skills specifically to a TD environment through examples and hands-on activities. As a result, you’ll be able to manage learning projects more efficiently through systematic, repeatable, and adaptable processes tailored to our field. Whether you work within a talent development department or organization or as an independent consultant, becoming a skilled and capable project manager makes you a valuable asset to the team you support.

WHY YOU SHOULD ATTEND

• Learn established project management approaches and how you can apply them to a TD context.
• Become a skilled project manager who can take on and manage any learning project with ease.
• Practice project management tasks throughout the program and get proven techniques to stay ahead of and quickly resolve issues when managing projects.

Rapid Video Development for Learning Certificate

Gain the confidence to produce affordable, high-quality video quickly.

Talent development professionals are increasingly called on to create training video content that extends learning in the classroom and beyond. In this certificate course, you will learn how to make a training video using consumer-level equipment that looks professional and reinforces learning. Drawing on both media psychology and learning theory, the course takes you through a step-by-step planning process for structuring learner-centered didactic video. You’ll plan a storyboard and write an engaging script, learn the e-learning video production process, streamline production by using rapid video techniques, effectively use a camera and compose shots, and edit video.

WHY YOU SHOULD ATTEND

• Learn all aspects of shooting video, including planning, pre-production, shooting, recording sound, editing, and deployment.
• Use readily available equipment to create engaging video that looks professional and reinforces learning.
• Discover how video works as a communication method in relation to learning content and understand how human cognition and adult learning theory apply to media content.

Test Design and Delivery Certificate

Develop reliable tests for training, certification, and management decision making.

Learning professionals use tests for a variety of reasons, yet the guidelines and best practices for developing reliable and valid tests are not widely known. This program, offered in partnership with ACT Inc., provides a comprehensive approach to ensuring your tests measure what they claim to measure, both consistently and reliably.

Through examples and application exercises, learn the entire test development and delivery process, including planning the test, creating test items, creating the test form, delivering the test, and evaluating the test. Ample time will be dedicated to item-writing so you can gain experience generating well-crafted test items. Learn from facilitators who are real-world consultants whose professional focus is to help organizations improve their testing practices.

WHY YOU SHOULD ATTEND

• Gain a systematic approach for developing and administering tests that will meet your organization’s needs and follow professional standards.
• Develop tests that do not put your organization in legal jeopardy.
• Become knowledgeable in testing best practices to increase your credibility within your organization.

Training & Facilitation Certificate

Experience the premier train-the-trainer course.

This training certificate course covers the entire end-to-end training cycle, including planning and preparing a training event, managing the learning environment and engaging participants in the classroom, and following up post-event to continue to support learning. We’ll cover the science behind learning as well as why and how learner needs and preferences, training techniques, classroom environment, and well-structured materials all affect learning outcomes. At the end of the course, you will have the opportunity to demonstrate your techniques in a skills training practice where you will receive feedback and guidance from peers and an ATD expert facilitator.

WHY YOU SHOULD ATTEND

• Get an overview of all phases of the training cycle from the planning phase through the evaluation phase.
• Leave with the knowledge and skills to become a participant-focused facilitator in any environment, from large-scale training events to meetings and presentations.
• Learn from an expert trainer and facilitator, who will demonstrate best practices in the classroom and receive personalized, actionable feedback.

“I would like to one day manage my own training program. This course gave me all of the pertinent info to design the course and maximize my impact in the classroom to start on that career path.”

—JARED NOLAN, TRAINING & FACILITATION CERTIFICATE
Training Design and Delivery Certificate

Are you ready to advance your career as a talent development professional? Get started with this fast-paced training design boot camp that will build your foundational skills in both instructional design and training and facilitation, all in one program.

The course kicks off with an overview of the ADDIE model for instructional design and then walks you through each phase of the design process. During the first half of the course, you will learn how to apply the model's tools and principles using a human performance improvement approach. The second half of the program introduces the training cycle. You will learn best practices and the latest techniques for each step of the cycle and have an opportunity to practice your facilitation skills and receive feedback.

WHY YOU SHOULD ATTEND
• Learn adult learning theory basics and instructional design methodology and build a foundation for conducting a needs assessment, developing learning objectives, and evaluating the impact of your training initiatives.
• Learn and apply effective training techniques for managing participants, engaging a variety of learning styles, creating an effective positive learning environment, and managing classroom challenges.
• Develop engaging, learner-centered training solutions and create participant guides, facilitator guides, and supporting materials using templates provided in the workshop.

VIRTUAL INSTRUCTIONAL DESIGN CERTIFICATE
Design engaging training for the virtual classroom.

Intentional and thoughtful instructional design is necessary for successful virtual learning events. Well-designed virtual experiences (specifically, instructor-led synchronous experiences), supported by well-designed materials, keep learners motivated and engaged throughout the learning experience.

An effective instructional design process follows a system of assessing needs, designing a process, developing materials, and evaluating effectiveness. Creating programs for a virtual platform is no different. Core instructional design fundamentals require analysis and selection of the most appropriate strategies, methodologies, and technologies to maximize the learning experience and knowledge transfer—whether you are converting a face-to-face classroom course or designing for a virtual delivery from the beginning.

WHY YOU SHOULD ATTEND
• Cover actionable best practices for virtual instructional design and gain access to a collection of more than 20 tools and templates you can use in your own practice.
• Apply your new knowledge and skills on an authentic learning project for virtual instruction, and receive feedback from an ATD expert facilitator.
• Create a personal action plan to hold yourself accountable for applying what you have learned.

CREDITS

Virtual Training & Facilitation Certificate

Deliver meaningful training in the virtual classroom.

Training and facilitating in the virtual classroom requires planning and preparation if facilitators are to motivate and engage learners. A successful learner-focused event goes beyond an informational webinar and requires a facilitator to understand the learners’ needs and create a welcoming and inclusive virtual space.

Learn how to select learning methods and facilitate activities in a virtual environment that will keep learners engaged throughout the event and prepare them to apply what they have learned on the job. Explore techniques for building rapport and connecting with learners in the virtual environment.

**WHY YOU SHOULD ATTEND**

- Explore learning methods and engagement strategies for use in the virtual classroom and gain access to ATD-exclusive tools and templates to use in your own practice.
- Demonstrate your new skills, and receive feedback from an ATD expert facilitator.
- Create a personal action plan to hold yourself accountable for applying what you have learned.

Writing for Instructional Design and Training Certificate

Improve the quality of your learning programs through clear, engaging writing.

Like most instructional designers and developers, you probably spend about 80 percent of your working hours writing, so it’s important that your writing is persuasive to gain buy-in from stakeholders, crystal clear to ensure understanding, and engaging to aid learning transfer. This writing style is an art, and having these skills can give you a competitive advantage as your career grows.

Discover how to use rhetorical writing techniques to articulate desired training outcomes when you earn this instructional design writing certificate. Learn through hands-on practice how to write to clarify, simplify, illuminate, and explain. Find out how to use tone, point of view, and personality to keep your audience actively engaged.

**WHY YOU SHOULD ATTEND**

- Develop effective writing techniques so you produce content faster and improve your learning programs.
- Learn to tailor your writing to the appropriate modality, format, and audience.
- Master editing to clarify your message and reduce cognitive load.

**ATD On Demand Courses**

**Best-in-Class, Self-Paced Learning on Essential Talent Development Topics**

Staying current on the latest trends and practices and keeping skills sharp is imperative. Is time a constraint? ATD’s On Demand courses provide you with the ability to boost your knowledge and skills in a more targeted, personalized, and flexible way—on your time frame.

Like our popular in-person and live online offerings, every ATD On Demand course is aligned to the Talent Development Capability Model™ and provides an expert facilitator to support and answer your questions. Gain 12 months of content access upon enrollment.

**Explore our full lineup of On Demand courses at td.org/on-demand.**

Courses by category:

**INSTRUCTIONAL DESIGN**

**Course Design Process.** Implement a structured process for consistent course design.

**Design Thinking and Rapid Prototyping for Instructional Design.** Leverage an iterative process and learner input for successful instructional design.

**Developing Content for Formal and Informal Learning.** Use a blended approach to reach learners in the flow of their work.

**Developing Learning Outcomes and Objectives.** Define the behaviors that will drive organizational improvement.

**Evaluation for Instructional Design.** Evaluate the impact of your learning events.

**Learning Design Basics.** Learn the basics of effective instructional design.

**Needs Assessment for Instructional Design.** Define the need behind performance gaps.

**Selecting Delivery Methods and Media.** Determine the best way to reach your audience.

**The ADDIE Model for Instructional Design.** Explore the original model for instructional design.

**Working With SMEs to Curate and Create Content.** Work with subject matter experts (SMEs) to identify and gather the best content for an initiative.

**TRAINING DELIVERY & FACILITATION**

**Applying Learning Science in Training Delivery.** Choose the best delivery strategies based on cognitive science and learner preferences.

**Creating a Positive Learning Environment.** Ensure your training events are set up to be safe and welcoming for all participants.

**Designing and Developing Learning Materials.** Create robust, learner-centric materials for better learning experiences.

**Engaging and Managing Participants.** Keep learners engaged to ensure learning sticks.

**Facilitating Formal Learning.** Feel prepared to facilitate formal learning in any modality.

**Facilitation Styles and Techniques.** Identify your personal facilitation style and techniques to create an engaging learning experience.

**Managing and Facilitating Effective Meetings.** Be prepared for the tasks that happen before, during, and after a successful meeting.

**Planning and Coordinating Training Events.** From managing logistics to contingency planning, ensure you are prepared to facilitate an impactful training event.

**Preparing to Facilitate.** Get ready to facilitate exceptional training events with specific plans and practice techniques.

**Selecting Delivery Options and Methods for Training Events.** Choosing the right training delivery method makes all the difference.

**Supporting Informal and Self-Directed Learning.** Help employees engage in learning everywhere.

**TECHNOLOGY APPLICATION**

**Administering a Learning Technology Ecosystem.** Build and maintain a comprehensive learning technology ecosystem to ensure successful, sustainable learning programs.

**Creating Accessible Learning Experiences.** Develop and deliver learning programs that serve all learners.

**Data Standard Formats.** Effectively evaluating learning experiences starts with understanding data standard formats.

**Evaluating and Selecting E-Learning Software Tools.** The right e-learning software tools significantly enhance your learning programs.

**xAPI Foundations.** Leverage xAPI to develop more comprehensive learning experiences.

**LEARNING SCIENCES**

**Adult Learning: Applying Learning in the Workplace.** Create learning experiences that drive organizational impact.

**Adult Learning: Theory to Practice.** Discover everything you ever wanted to know about adult learning.
Our Facilitators
ATD Education works with more than 100 of the world’s best facilitators to deliver our talent development programs. They are practitioners with at least 10 years of experience in their content areas, and draw on their professional accomplishments to deliver personalized, valuable learning experiences. You’ll find that many of our facilitators are published authors or speakers in their fields of expertise, and they come from a wide range of industries and sectors. They frequently serve as instructional designers, managers, coaches, human performance improvement professionals, and consultants.

Take a Course in Person Near You!

Learning happens everywhere, all the time. Yet something special happens when we come together and learn face-to-face. Led by our world-renowned facilitators, in-person learning is offered across the country and around the globe. In-person courses include:

- Training & Facilitation Certificate
- Instructional Design Certificate
- ATD Master Trainer® Program
- Coaching Certificate
- Change Management Certificate
- Consulting Skills Certificate
- And more!

Join us in the new ATD learning center at our headquarters, just outside Washington, DC, and in these select cities for our most popular certificate programs:

- Alexandria, Virginia
- Atlanta, Georgia
- Chicago, Illinois
- Dallas, Texas
- New Orleans, Louisiana
- New York, New York
- Phoenix, Arizona
- San Francisco, California

Visit td.org/in-person-learning to explore our upcoming schedule of face-to-face courses.
